heretofore worked for \$1,800. The Fluvanna member said he arose at 2 A. M. and drove fourteen miles in order to oppose the bill, and he earnestly urged that it be rejected by the House.

While the member would not vote for such a measure, he thought if there was "money to burn," the salaries of the legislators might well be raised.

Mr. Read dyposed the bill in a brief, but logical, speech. He replied to some of the contentions made by the friends of the measure, and said he could see no necessity for its passage.

Mr. Lane spoke against the measure, as did Mr. Gregory, both making brief, but interesting, efforts. The latter said if anything was needed to improve the present system, it was more courts rather than larger salaries for the present ones.

Mr. Byrd desired to give all the fullest opportunity to examine into the merits of the bill, and he therefore moved to pass it by. This motion was lost, and Mr. Churchman called the pending question, and the House refused to reconsider, bill.

to Fitz Lee.

Bills of sweeping public interest were nered in both Houses of the General Assembly yesterday, though beyond this Assembly yesterday, though cayond this they transacted but little business. The allouse, by an overwhelming vote, refused to engross the Byrd bill, increasing the salaries of circuit judges from \$2,000 to \$3,000. The first bill passed at the session was House Bill No. 2, by Mr. Glenn, prohibiting the sale of blackjacks, brass Mucks. &c.

knucks, &c. In both Houses there were measures In both Houses there were measures presented by Republicans, practically reducing railroad fare in the State to 2 cents per mile, and requiring companies to sell mileage books at this rate, which may be used by members of the purchaser's family and by the employes of firms and corporations. They went to the Committee on Roads, and will probably have their "last, long sleep."

Senator Echols offered in the Senate a bill appropriating \$20,000 and a site on the Capitol Square for a monument to the late General Fitzhugh Lee, and Mr. Machen offered another of interest, mak-

Bill Offered to Put Lee's Statue in the Capitol Square.

Senators were slower in arriving than on any day since the session began, probably on account of the delay in these-turn of several who had taken advantage of the long adjournment to spend Sunday at home. At all events a number of desks were vacant when the body was called to order at noon by President Wickham. There were not a dozen visitors in attendance. Prayer was offered by the Rev. Dr. W. R. L. Smith, pasior of the Second Baptist Church.

After a number of measures had been reported by standing committees, tills and resolutions were in order The stream flowed stendily for ten minutes or more,

and resolutions were in order. The stream flowed steadily for ten minutes or more, the Senators having apparently since Thursday evolved a great mass of desired legiston. In all, twenty-three subserver offered, some of them of widespread interest and importance. Apart from these there was absolutely nothing of note on this side of the house, and the season came to an end seventeen minutes after it began. The Senate adjourned until noon temperors.

beat the State out of this small sum. If he does not intend to beat the State, how can it injure the clitzen to pay his tax in time to qualify himself to vote?

"Some very excellent men have inadvertently falled to qualify themselves to vote, while a few have regarded this prerequisite us a new and inconvenient burden and have resented it. But it is gortain that time will cure all of that, and conservatism which opposed the new plan will, after awhile, be arrayed in its favor.
